

# AXIUM CX9000

Deliver more at the counter with a POS that combines dual displays and secure payments

  
Streamline operations with integrated sales, payment, and inventory that keep everything running effortlessly

  
Enable faster, smoother transactions by minimizing checkout times and creating a seamless payment flow

  
Save valuable counter space while maintaining efficiency with a compact design made for tight environments

  
Unlock flexibility with the Android platform to tailor daily workflows while ensuring PCI-certified security at every step

# AXIUM CX9000 combines cash register simplicity with advanced payment technology into a sleek all-in-one device.

## Effortless Integration

- **Effortless setup & operation:** Plug-and-play with minimal setup.
- **Seamless integration:** Payments, cash, and sales systems work together smoothly.
- **Customizable all-in-one solution:** Optional peripherals like barcode scanners and printers to fit business needs.
- **Easy customer tool integration:** Loyalty programs, digital receipts, and CRM tools.

## Smart Business Hub

- **Space-saving design:** Compact form factor perfect for any counter.
- **User-friendly interface:** 15,6" high-resolution multi-touchscreen for intuitive use and an enhanced user experience.
- **Open Android:** Android 14, GMS certified for seamless integration of value-added services.

## Next-Level Payments

- **Fast checkout:** Major payment types supported, including contactless and digital wallets; dedicated payment zones; powerful processing capabilities.
- **Smooth checkout:** User friendly interface; 8" HD touchscreen; powerful cameras.
- **Advanced security:** PCI PTS v6 certification; EMV certified and palm rejection technology for secure transactions.

Supported by the suite of services provided by Ingenico 360 platform from device management to Managed Services

## Specifications

### Payment Terminal

Processor	<ul style="list-style-type: none"> <li>• Application processor</li> <li>• Crypto processor</li> </ul>	<ul style="list-style-type: none"> <li>• Cortex Quad-core A55, 1.8GHz</li> <li>• Security core SC300, 192MHz</li> </ul>	<ul style="list-style-type: none"> <li>✓</li> <li>✓</li> <li>Option</li> </ul>
